FLEET PARTNER INVESTMENT PROGRAM

Own the Fleet. We Operate Everything.

Presentation By:

**INDIA'S SMART EV RENTAL & MOBILITY
ECOSYSTEM**

ABOUT EVUDDY

EVUDDY is building India's next-generation electric mobility ecosystem through B2B, B2C and Rent-to-Own solutions.

Our Fleet Partner Investment Program allows individuals, businesses and investors to participate in the growing EV rental economy by owning a fleet of EV scooters while EVUDDY takes complete responsibility for operations.

From rider acquisition and rental management to vehicle deployment, maintenance, tracking and day-to-day fleet operations – EVUDDY manages the complete operating cycle.

You own the fleet. EVUDDY operates the fleet. You receive monthly returns.

THE EVUDDY FLEET PARTNER MODEL

100% FOCO MODEL- Fleet Owned – Company Operated

Under the EVUDDY Fleet Partner model:

- The Fleet Partner invests in EV scooters.
- The scooters remain allocated to the Fleet Partner.
- EVUDDY manages the complete fleet operations.
- EVUDDY handles rider onboarding and rental operations
- EVUDDY manages deployment and utilization.
- EVUDDY manages operational coordination and fleet support.

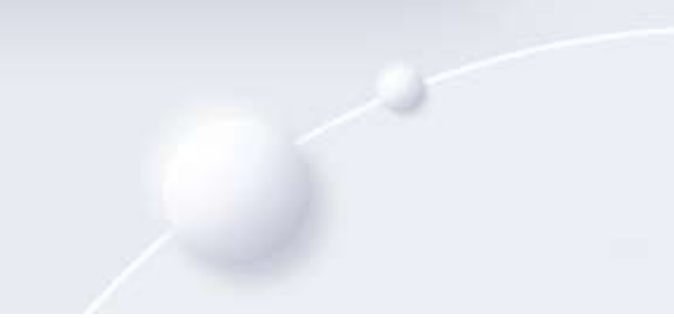

- 
- EVUDDY manages maintenance and operational requirements.
 - EVUDDY manages technology, tracking and rental collection.
 - The Fleet Partner does not need to operate a hub or manage riders.

Zero Daily Operational Involvement

The Fleet Partner does not need to build or manage the rental business independently.

EVUDDY operates the business end-to-end.

WHY EVUDDY FLEET PARTNERSHIP?

01. Own Real EV Assets
The Fleet Partner receives a predefined monthly return according to the selected vehicle category and fleet size.

02. Passive Fleet Income
The Fleet Partner receives a predefined monthly return according to the selected vehicle category and fleet size.

03. Company-Operated Model
EVUDDY manages the day-to-day fleet operations, allowing the partner to participate without managing riders, collections or operations.

04. Scalable Investment
Start with the minimum fleet requirement and scale your fleet as your investment capacity grows.

05. Technology-Enabled Operations
EVUDDY operates a technology-led rental ecosystem with GPS-enabled scooters, KYC, OTP-based hub pickup and digital rental processes.

06. Multiple Customer Segments
EVUDDY serves daily commuters, gig workers and delivery riders through its EV rental ecosystem.

INVESTMENT PLANS

LOW-SPEED EV SCOOTER

Minimum Fleet: 5 Scooters

Minimum Investment: ₹3,00,000

Investment per Scooter: ₹60,000

Monthly Fleet Partner Return: ₹15,000

Particular	Details
Minimum Scooters	5
Cost / Scooter	₹60,000
Total Investment	₹3,00,000
Monthly Return	₹15,000
Operations	100% EVUDDY
Model	FOCO
Investor Role	Fleet Owner
Operator	EVUDDY

5 scooters × ₹60,000 = ₹3,00,000

Monthly return = ₹15,000

HIGH-SPEED EV SCOOTER

Minimum Fleet: 5 Scooters

Minimum Investment: ₹4,50,000

Investment per Scooter: ₹90,000

Monthly Fleet Partner Return: ₹18,000

Particular	Details
Minimum Scooters	5
Cost / Scooter	₹90,000
Total Investment	₹4,50,000
Monthly Return	₹18,000
Operations	100% EVUDDY
Model	FOCO
Investor Role	Fleet Owner
Operator	EVUDDY

5 scooters × ₹90,000 = ₹4,50,000

Monthly return = ₹18,000

SCALE YOUR EV FLEET

The EVUDDY Fleet Partner model is designed to scale.

Fleet Size	Per Scooter cost	Low speed investment	Monthly return	Annual return	Till 48 months
5	₹60,000	₹3,00,000	₹15,000	₹1,80,000	₹7,20,000
10	₹60,000	₹6,00,000	₹30,000	₹3,60,000	₹14,40,000
15	₹60,000	₹9,00,000	₹45,000	₹5,40,000	₹21,60,000
20	₹60,000	₹12,00,000	₹60,000	₹7,20,000	₹28,80,000
30	₹60,000	₹18,00,000	₹90,000	₹10,80,000	₹43,20,000
50	₹60,000	₹30,00,000	₹1,50,000	₹18,00,000	₹72,00,000
100	₹60,000	₹60,00,000	₹3,00,000	₹36,00,000	₹1,44,00,000

Fleet Size	Per Scooter cost	High speed investment	Monthly return	Annual return	Till 48 months
5	₹90,000	₹4,50,000	₹18,000	₹2,16,000	₹8,64,000
10	₹90,000	₹9,00,000	₹36,000	₹4,32,000	₹17,28,000
15	₹90,000	₹13,50,000	₹54,000	₹6,48,000	₹25,92,000
20	₹90,000	₹18,00,000	₹72,000	₹8,64,000	₹34,56,000
30	₹90,000	₹27,00,000	₹1,08,000	₹12,96,000	₹51,84,000
50	₹90,000	₹45,00,000	₹1,80,000	₹21,60,000	₹86,40,000
100	₹90,000	₹90,00,000	₹3,60,000	₹43,20,000	₹1,72,80,000

Returns shown above are calculated proportionately from the stated per-fleet monthly return and are subject to the final Fleet Partner Agreement.

HOW THE EVUDDY FOCO MODEL WORKS

INVEST

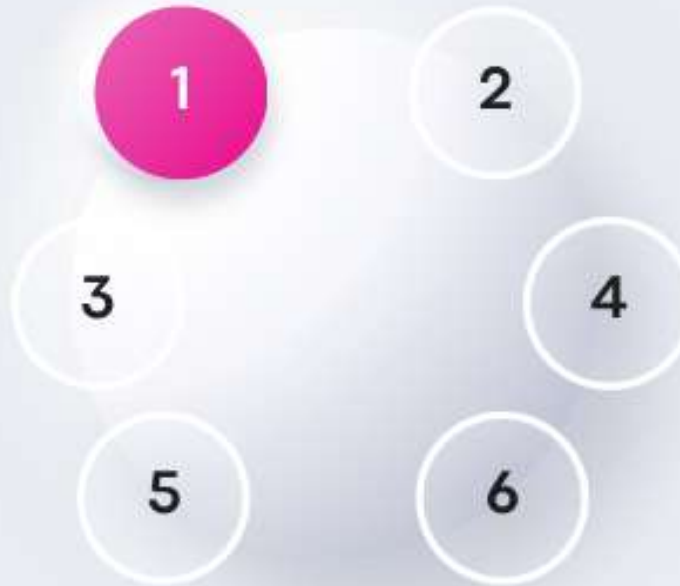

Select your preferred EV category and fleet size.

EVUDDY DEPLOYS

The scooters are deployed into the EVUDDY rental ecosystem based on operational requirements.

MONTHLY RETURN

The Fleet Partner receives the agreed monthly return according to the applicable Fleet Partner plan and agreement.

FLEET ALLOCATION

EVUDDY allocates the corresponding EV scooters to the Fleet Partner.

EVUDDY OPERATES

EVUDDY manages rider acquisition, rental operations, fleet utilization, technology and day-to-day operations.

SCALE

Fleet Partners can expand their EV fleet as the EVUDDY network grows.

WHAT EVUDDY MANAGES

END-TO-END OPERATIONS

Fleet Deployment

Deployment of partner-owned scooters into EVUDDY's operating network.

Rider Acquisition

EVUDDY works to bring riders onto the platform through its rental ecosystem.

Rental Management

Digital rental booking and payment processes.

KYC & Verification

Rider verification before vehicle deployment.

GPS & Technology

EVUDDY scooters are supported by live GPS and technology-enabled fleet monitoring.

Hub Operations

Scooters operate through EVUDDY's controlled hub ecosystem with OTP-based pickup.

Maintenance & Support

Operational coordination and vehicle support are managed by EVUDDY.

Customer Support

EVUDDY provides rider support through its operating platform.

THE EVUDDY ECOSYSTEM

ONE PLATFORM. MULTIPLE MOBILITY USE CASES.

B2C RENTALS

Hourly, daily, weekly and monthly rental options for everyday riders. EVUDDY currently publishes rental plans starting from ₹60/hour and ₹250/day,

GIG & DELIVERY

EV scooters designed for delivery and gig workers who need affordable electric mobility for daily work.

RENT TO OWN

EVUDDY also offers a Rent-to-Own pathway, allowing riders to work toward ownership through a structured daily payment model.

FLEET PARTNERS

Fleet Partners provide the vehicle assets while EVUDDY operates the fleet through its technology and rental ecosystem.

WHY EV RENTAL?

A GROWING MOBILITY REQUIREMENT

The growth of delivery, gig work and urban mobility is creating a continuing requirement for affordable two-wheelers.

Electric scooters can provide riders with an alternative to petrol vehicles, while technology-enabled rental platforms make access to EVs easier.

EVUDDY is building its ecosystem around:

Affordable Mobility

EV Rental
Gig Economy
Fleet Operations
Technology
Rent-to-Own

YOUR ROLE AS A FLEET PARTNER

YOU PROVIDE THE ASSET.

Your investment is deployed toward EV scooters.

EVUDDY PROVIDES THE OPERATING SYSTEM.

EVUDDY operates and manages the fleet.

YOU RECEIVE THE AGREED MONTHLY RETURN.

The applicable return is defined under the Fleet Partner Agreement.

YOU DON'T RUN THE DAILY BUSINESS.

No requirement to independently manage riders, rental collection or daily fleet operations.

WHO CAN BECOME A FLEET PARTNER?

Q1

INDIVIDUAL INVESTORS

For individuals looking to participate in the EV mobility ecosystem.

Q2

BUSINESS OWNERS

For businesses looking to diversify into electric mobility.

Q3

ENTREPRENEURS

For entrepreneurs who want exposure to the EV rental sector without building their own operating infrastructure.

Q4

EXISTING FLEET OWNERS

For fleet owners who want to integrate their vehicles into a technology-enabled EV rental ecosystem.

START WITH JUST 5 EVs

Low-Speed

5 EV Scooters

**₹3,00,000
Investment**

₹15,000 Monthly
Return

HIGH-SPEED

5 EV Scooters

**₹4,50,000
Investment**

₹18,000 Monthly
Return

EVUDDY FOCO

YOU OWN. WE OPERATE. WE GROW TOGETHER.

The EVUDDY Fleet Partner Program is designed to make EV fleet ownership simpler.

No need to build your own rental platform.

No need to manage riders every day.

No need to build an operating team.

EVUDDY brings together the technology, rental ecosystem and operational infrastructure required to run the fleet.

IMPORTANT NOTE

The investment amount, monthly return, tenure, vehicle ownership structure, maintenance responsibilities, insurance, depreciation, exit/termination conditions and other commercial terms will be governed by the final Fleet Partner Agreement executed between EVUDDY/Shubhurax Mobility Ltd. and the Fleet Partner.

Monthly return figures stated in this brochure are based on the respective Fleet Partner plans and should not be interpreted as a guarantee beyond the terms expressly contained in the executed agreement.
